16. Shirley Dueber is dedicated to the task of deciphering what can be done along Welches Road between Highway 26 and The Resort to improve the safety of pedestrians and bikers. She has met with and obtained information from county traffic engineers and the director of Transportation and Development. There are some very tricky issues that are going to be of concern including the fact that it is a very narrow road with utility poles installed, leaving very little room to provide community / tourist access. She is currently in the process of obtaining plot maps along this corridor to help decipher the centerline of the road and continue with the informative process. 17. Great strides have been made by Doug Saldivar in receiving the first grant ever for a Village or Hamlet in order to help fund the highly successful Green Scene event. The annual event's activities included information & demonstrations on green living, activities for children, student displays, as well as serving up music and food. The end result was a whopping 3.5 tons of recycling collected, many used books recycled/ resold, and a great turn-out of both attendees and volunteers. Doug is a wealth of information regarding sustainable business practices, alternative energy sources, and is currently chasing the idea of obtaining an electrical car charging station for the Villages area. This year's Green Scene will take place on Saturday, May 14th. Volunteers/ ideas/ additional recycling concerns:

1	Get rid of corrupt Mt hood chamber of commerce. Their officers' unethical behavior and physical threats of violence toward several community members cannot be tolerated.	Jun 18, 2011 1:09 PM
2	Do not incorporate the area. If you do, you will simply add more layers of regulation on businesses.	Jun 8, 2011 4:31 PM
3	any time someone comes up with a good idea, the local good-do groupes try to shut them down.	Jun 2, 2011 10:00 PM
4	The school needs painting and landscaping on the outside, the inside needs updating - it is still stuck in the 70's! We needs money to keep the teachers we have even if class sizes drop, . . .	Jun 1, 2011 7:26 AM
5	more appropriate signage. more lights on hwy. 26	May 27, 2011 10:39 PM
6	Most of us "old timers" moved up here to avoid the city and people telling us what to do and how to do it...I like my personal freedom.	May 26, 2011 5:29 PM
7	avoid filling spots with fast food - creating businesses that serve locals as well as tourists is key. Also, more services for part-timer/vacation rental market would be nice.	May 24, 2011 11:28 AM
8	Development and change is bound to come, but it should be controlled to fit the community. Would like to see a more mountain theme to structures.	May 22, 2011 10:00 AM
9	We need to find better ways to get travelers to think of stopping in our community.	May 17, 2011 3:10 PM
10	The economy is crashing. How do you develop something non-existent? Let's become the community that came together! We need the community to come together and get real. Grow food. Protest the loss of our Constitution. Protest the chemtrail spraying going on in our skies. Protest the poisoning of our sir and water.	May 15, 2011 1:26 PM
11	This area if "vacation/recreation" area. I would like to see it stay that way.	May 14, 2011 12:17 PM
12	In and by itelf economic development needs tourism related services in order to flourish which brings with it employment.. Business development will only bring additional traffic (Sandy) to the mountain area and defeat the purpose of the "Brand". The Brand is about a place to recreate (Mt. Hood activities), commune with nature (hike, fish, relax, walk,), pass thru on the way to Central Oregon or Hood River. What is needed is not more business environment scattered along the hwy. but a place for an incorporated town where commerce is centralized and easy to leave behind. A purpose is served with an incorporated township, leaving the surrounding area true to why it is there-to recreate and relax free from the encumbrances of the business environment.	May 9, 2011 11:51 AM
13	This area is unique in that it is quite most of the time, and a bit busy on the weekends when mountain visitors pass through. I think it is important to create ways to capture economic opportunities during busy seasons, while maintaining the quite, remote character of the area.	May 9, 2011 10:47 AM

Page 2, Q2. Is there anything else you would like to say about economic development ?

14	This region is economically tied to the natural beauty of the area. Any "development" should be carefully integrated so that enhances that experience, or at the least doesn't spoil it.	May 9, 2011 10:36 AM
15	A balance of economic opportunities, ie, tourist related as well as general businesses, would be the ideal since it would be less impacted by recessions, etc.	May 9, 2011 10:22 AM
16	Development along Highway 26 should pay more attention to aesthetics. Preserve roadside tree canopy. Parking lot native landscaping should be required.	May 9, 2011 7:51 AM
17	We should work to use the retail infrastructure we have, not build more. This should be done with sensitivity to the historic and rural character of the zone. It would be wonderful to generate more jobs for residents.	May 9, 2011 6:59 AM
18	recreational opportunities, trails connecting communities, sidewalk appeal (like Government Camp has done)	May 9, 2011 6:56 AM
19	You have a built in traffic flow of mountain and wilderness enthusiasts... How do you fit into there entertainment plans?	May 8, 2011 11:46 PM
20	if 'brand' means a collective aggregation at th expense of village identity...no. There are many businesses that come and unfortunately go. In most cases there is sufficient client density to support the businesses but the lack of marketing dooms the effort. Assist the local businesses in marketing aside from a collective brand.	May 8, 2011 10:09 PM
21	As long as economic development does not have a negative affect on the natural resources of the mountain, I'm supportive.	May 8, 2011 8:52 PM
22	Planning with zoning is important so small town atmosphere isn't lost. Emphasis should be on the strengths of the area; not imported things like casinos or clubs...	May 8, 2011 5:47 PM
23	The Villages at Mt Hood's board has almost no local business experience or voice. Public safety and economic development are the 2 most important items the Villages board should focus on.	May 6, 2011 3:36 PM
24	I would like to see the businesses that exist receive help. I am against additional development of the area.	May 5, 2011 3:21 PM
25	Better support for tax paying business who also employ local citizens. Don't be negative towards local businesses.	May 4, 2011 7:09 AM
26	The whole reason most people move up here is to get away from the city. While it is nice to have some local buisnesses, most of the residents that I know do not want this area to become another Sandy, which has become another Gresham, which has become another Portland, etc.. If we wanted to live in a congested area with all of the so called "conveniences" we would move to the city.	Apr 30, 2011 11:51 AM

Page 2, Q4. Is there anything else you would like to say about maintaining our "Mountain" Character

1	This is supposed to be a Resort Community, so let's make it look and live up to it's name	Jun 24, 2011 12:03 PM
2	This is a wonderful place to live and work. It's a shame that the board has been so corrupt in the past with so many obvious conflicts of interest. We're looking forward to a new era when the guard changes and more of our community members feel comfortable with the leadership.	Jun 18, 2011 1:09 PM
3	clean up signage on hwy 26, we are beginning to look like lowera Burnside.	Jun 2, 2011 10:00 PM
4	Again . . . school is important! Create a school that reflects the mountain community.	Jun 1, 2011 7:26 AM
5	i think trails are important as long as we respect nature. i wouldn't want to see paved trails but i like the idea of pathways. i am not sure about the bike trail issue, i would want to hear more before voting. these are very difficult questions to answer. i don't believe they are cut and dry. building design standards scare me. i wouldn't want someone to tell me how my restaurant should look, yet i wish as a community we would put more emphasis on artistic design	May 27, 2011 10:39 PM
6	Most of us "old timers" moved up here to avoid the city and people telling us what to do and how to do it...I like my personal freedom.	May 26, 2011 5:29 PM
7	I move here to live in a rural mountain community, I want it to stay that way. I do not want our community to become a city.	May 26, 2011 5:09 AM
8	It is about having a clear point of view about who we are and how we want it to be -- not keeping people (growth) out/away/restricted. Access to wilderness is going to be our lure, point of difference and lifeblood. Make these opportunities sing and the money will follow!	May 24, 2011 11:28 AM
9	This is a state of mind for all of us and visitors to our community. We pride ourselves on what we have and how to maintain the quality of living.	May 22, 2011 10:00 AM
10	We need to value and cultivate unique, local businesses and a welcoming attitude to visitors and travelers. No big box stores!	May 17, 2011 3:10 PM
11	Junky businesses and homes need to clean up their premises and make frontage look inviting. Keep lot size at least a one acre minimum!!!!!!!!!!	May 16, 2011 3:08 PM
12	Same as above. It's not about "mountain" character, whatever that is. It's about our character. We, the people, are losing our rights and our very way of life while we diddle around talking nonsense! Let's become the villages that came together and took a stand against "Big Borther"!	May 15, 2011 1:26 PM
13	Limit the continuing of building houses, The intense logging that is occuring in several places really detracts from the Mountain feel. I moved up here to live in the Mountains not a town or city and it is becoming more and more urbanized.	May 11, 2011 12:51 PM

Page 2, Q4. Is there anything else you would like to say about maintaining our "Mountain" Character

14	I would never want our area to try to set limits on others moving to our area. The snobbish attitude of what happened in Cannon Beach should not be repeated...	May 11, 2011 8:30 AM
15	Hiking & biking available further up the mountain. Concerned about garbage left by these people (enough is already left by people just passing through!)	May 10, 2011 10:26 PM
16	The more you add, the more congestion you will have on the roads. Given that it is forest area, widening the roads may not be an option. Without increasing traffic efficiency, growth should be considered carefully.	May 9, 2011 2:01 PM
17	Incorporate the villages and develop a growth and design plan. Concerned about sprawl and fast food chains developing along Hwy 26.	May 9, 2011 1:02 PM
18	Campaign to clean up some cabins primarily on north side of US 26.	May 9, 2011 12:23 PM
19	See above comments. Character can be maintained if a separation between mountain and commerce is kept-allowing both to feed off of one another and flourish.	May 9, 2011 11:51 AM
20	We should try to prevent sprawl and keep the highway from becoming one strip mall after another. I think maintaining autonomy of each village is important, keeping green corridors between them. I am supporting of economic development and attracting businesses which will stay for more than a year or so, but it should be done in a way which is respectful of the mountain environment and people who choose to live and recreate here because of the remoteness and quite atmosphere	May 9, 2011 10:47 AM
21	see #2	May 9, 2011 10:36 AM
22	A large part of the "mountain" feel is the rural atmosphere. If the area became a city, it would be important to avoid a formal feel.	May 9, 2011 10:22 AM
23	Leave it alone.	May 9, 2011 8:06 AM
24	avoid allowing certain types of businesses from locating to the area	May 9, 2011 6:56 AM
25	Keep businesses back further with more "pull off" room. More clear speed warnings as apposed to the shocking \$400 ticket new comers to the mountain get for driving speeds higher then the lowered safety zone limits.	May 8, 2011 11:46 PM
26	marketing and pursue an appropriate diversity of businesses. Help businesses understand, as appropriate, the opportunities of Internet against mortar. Heart of the mtn comes to mind as an example of a business that could. have prospered with assistance	May 8, 2011 10:09 PM
27	I want to see the natural, cultural and historic resources of the area preserved and protected.	May 8, 2011 8:52 PM

28	The answers differ if you don't say 'where.'	May 8, 2011 6:10 PM
29	Very important to do it.	May 8, 2011 5:47 PM
30	It feels as though there is a desire to suburbanize the Villages of Mt Hood. I would recommend those individuals who encourage development should move to another urban or suburban area to research and develop their business ideas. Let the Forest Remain the Forest of Mt Hood!!!	May 5, 2011 3:21 PM
31	Get rid of the name "Hoodland" That is not particularly appealing to out-of-staters.	May 4, 2011 7:09 AM
32	Hiking trails are nice, but the ones we have are not maintained properly. Until the old trails are maintained properly why would anybody even consider adding more?	Apr 30, 2011 11:51 AM

Page 2, Q6. Is there anything else you'd like to say about services in our communities ?

1	Start in our own backyard, by taking care of the people that live here from day to day. Then begin by making it a tourist attraction. Have waiver fees for going to the parks for us that live here. Otherwise, make tri-met have a full-time bus service here, because we pay takes for that.	Jun 24, 2011 12:03 PM
2	Cleaning up the look and feel of the hood land corridor, signage rules, etc. would go a long way toward improvement for both residents and visitors attitudes about the community. Also, the bigotry and misinformation (lies), and intolerance coming from hadit.org make us look bad as a community.	Jun 18, 2011 1:09 PM
3	forget all the speed traps and lets have a real sheriffs dept. that protects property and might even respond to grand theft calls	Jun 2, 2011 10:00 PM
4	More activities for children especially afterschool & during summer would be great!	Jun 1, 2011 1:19 PM
5	Bring back the tennis court. Work with SkiBowl for deals for locals on the summer park? Biking trails/walking trails to connect communities, does not need to be paved in my opinion.	Jun 1, 2011 12:20 PM
6	get rid of neighborhood association boards that control in a very biased way	Jun 1, 2011 7:26 AM
7	i would like to see a skate park for the kids. i would like to see any free services for kids.	May 27, 2011 10:39 PM
8	I would like to see more after school activities for the children. a place for the younger children to get together and play during the winter.	May 26, 2011 5:09 AM
9	Sandy is close enough for pharmacy (delivery service could work) and assisted living...a local pool and meeting spot for all ages (locals and tourists) would be lovely.	May 24, 2011 11:28 AM
10	As a community we need quality services for both locals and visitors. Support local businesses.	May 22, 2011 10:00 AM
11	We especially need additional services for aging community members. A pharmacy is an important start.	May 17, 2011 3:10 PM
12	Yes. It seems to me that we all have our heads stuck in the sand. Our country is turning into a police state, we are being poisoned, our children are being dumbed down and poisoned, and we spend time talking nonsense! I don't get it!	May 15, 2011 1:26 PM
13	There is nothing up here for our youth. It would be beneficial if something were available for our teenagers and young adults to do or hang out.	May 11, 2011 12:51 PM
14	Would like to see a larger/better grocery store. Commercialization would be ok as long as a "mountain" design theme was integrated.	May 10, 2011 10:26 PM
15	County takeover of Stage Stop Road to provide maintenance.	May 9, 2011 12:23 PM

Page 2, Q6. Is there anything else you'd like to say about services in our communities ?

16	These "village" communities need to keep their independence and brand and a central city needs to be established-leaving the highway strip as is with some needed improvements but a central city/town/township better serves the needs of growth, commerce, tourism needs etc.	May 9, 2011 11:51 AM
17	urgent care services	May 9, 2011 6:56 AM
18	Summer camps for kids. "Welcome" rest / bathroom stop for tired drivers with clear community info and expectations. (snow permits, hotels and food)	May 8, 2011 11:46 PM
19	LEnforcement does a great job.	May 8, 2011 10:09 PM
20	As a cabin owner who pays annual fees, property taxes, water and electricity, I own on the mountain because of the nature and beauty it provides. I am totally against major development on the mountain as it will impact the wildlife and lifestyles of "all" residents, including cabin owners. We eat at the establishments, support the mountain community by buying on the mountain, and pay for the enjoyment of mountain living and recreation. We are residents too., I see many more cons of incorporating our community as a city.	May 8, 2011 6:29 PM
21	Emergency center would be very valuable.	May 8, 2011 5:47 PM
22	Remember the key here is to "enhance" the existing community services, not add more...	May 5, 2011 3:21 PM
23	Require that all board members either vote yes or no on all issues brought before them. NO ABSTENTIONS !	May 4, 2011 7:09 AM
24	The services we have in place are just fine!!! Please stop messing with something that isn't broken!	May 2, 2011 5:07 PM
25	More activities for children? Are you joking? We live next to a huge forest with limitless opportunities for recreation. This is crazy. Any child that gets bored up here has a lack of imagination and/or parents that just don't care.	Apr 30, 2011 11:51 AM

1	Regular recycling opportunies, it will cut down on people just dumping their crap on the highway.	Jun 24, 2011 12:16 PM
2	Continual refusal to participate in recycling efforts by Mt Hood Village RV Resort. It's a county ordinance now, let's make them recycle!	Jun 18, 2011 1:20 PM

5	Green is good, beer is great and people are crazy. Many green ideas have failed there are basic environmental guidelines that we can follow.	May 22, 2011 10:07 AM
6	Contamination from aging septic systems. Many small water districts and shared wells with old piping.	May 17, 2011 3:17 PM
7	I'm extremely concerned about the chemtrails that appear (when the sky is visible) all over our community. We are being literally poisoned with nano-particles of alluminum and other toxins. Shouldn't we wonder where it's coming from? We are also being fed with genetically modified organisms daily in food that is unlabeled. Shouldn't we demand to know which foods are GMO? We are poisoned by the toxic chemicals used all over the mountain and getting into our water supply. Shouldn't we demand that the use of these toxins be stopped?	May 15, 2011 1:34 PM
8	Bike Terrain will bring many tourists...Double edged sword when thinking about the environmental impact though. That will be a tough decision.	May 11, 2011 8:36 AM
9	There are many homes in complete states of disrepair with trash, abandoned vehicles, and misc. junk discarded outside. These are horrible eyesores for the community and don't set the tone for what I think the "Villages" are trying to accomplish. The owners should be held responsible for cleaning up their properties or having them destroyed at their expense (Hoodland FD would love the experience!!)	May 10, 2011 10:45 PM

15	PLEASE slow down the traffic on highway 26, as we all hear and smell the traffic noise/fumes and trucks air brakes as the come off the mountain into Rhody. This impacts our wildlife and serenity of our community. Please slow the traffic down way before reaching Rhody and enforce stricter fines.	May 8, 2011 6:40 PM
16	Let's go back to dirt roads and horse drawn wagons. No environmental issues and no carbon footprint! Or, let's improve the paving between Rho and GC. Hmmmmm.	May 8, 2011 6:28 PM
17	Fishing should be all catch and release until runs are restored.	May 8, 2011 5:52 PM
18	Pat Sharp is an idiot. Her personal opinion regarding Timberline's bike terrain proposal has given the Villages at Mt. Hood a black eye. Her personal opinions are being mis-communicated as the Villages position.	May 6, 2011 3:40 PM
19	No concerns. Do the Timberline bike terrain trail!!	May 5, 2011 4:25 PM
20	Noise levels and particulates from traffic passing through the valley on Highway 26.	May 5, 2011 3:24 PM

1	I think this is a very important topic. I love to walk and ride my bike but I worry I am going to get hit by a car so I avoid doing it on many of the paved roads in our community. I end up having to drive to a trail head or park just to feel safe walking or biking. Can we somehow create a closer to home option. I live on Barlow Trail and don't feel remotely safe walking because there is not even a shoulder on the sides of the road in many areas.	Jun 15, 2011 7:09 PM
2	It will be wonderful to hav a sidewalk on that road for the locals as well as tourists	Jun 3, 2011 7:36 AM
3	The current walk way on Welches Rd. is seldom plowed in winter. In the fall and winter the walk is dangerous and grade and middle school children should not be allowed to transit the road without parents,;	Jun 2, 2011 10:11 PM

15 We need to develop a groomed bike/walking path along hwy 26 from Mt. Hood Resort to Welches (initially). Burying utilities in that area (power) would be a benefit to the community. Mar 14, 2011 10:58 AM

1	Great initiative for community awareness. We'd like to see the same ethic on recoiling year-round, especially by the larger business like MHV Resort.	Jun 18, 2011 1:20 PM
2	Go green energy. We need to make sure we're taking care of mother earth so future generations can enjoy it. We live in a very beautiful area and I want to see it stay that way. Why not reduce, reuse, recycle. It just makes scene and should be a major concern for our local residents.	Jun 15, 2011 7:09 PM
3	If you received a government grant your are the enemy. What a waste of tax payer money.	Jun 8, 2011 4:35 PM
4	Happy we are starting our own programs like this to be less reliant on having to go to somebody elses community for theses services	Jun 3, 2011 7:36 AM

1	A public shuttle service to all business on the Mtn Only.	Jun 24, 2011 12:16 PM
2	It would be extremely helpful if this bus travelled to Government Camp to assist the local youth working at Mt. Hood Skibowl. It is great that SkiBowl hires our teens and we should embrace that resource; however, the amount of hitchhiking that occurs on our mountain highway is rather disturbing.	Jun 22, 2011 1:57 PM
3	If we want more folks to retire here public transportation and health care are a must!	Jun 19, 2011 4:36 PM
4	Having a public transportation system is a must. If you don't have a running vehicle it's very hard to get around up here. Sometimes the amenities we need are located in Sandy and without a bus service many of our local residents are just out of luck. Hitch hiking isn't a good option so keep a public transportation system for those who need it.	Jun 15, 2011 7:09 PM
5	Same comment as issue #3.	Jun 8, 2011 4:35 PM
6	I have seen lots of unsupervised groups of under high sch. aged kids get off the buss Fri. & Sat. nights with their backpacks headed for the Salmon River. Is this one source of break-ins in the area.	Jun 2, 2011 10:11 PM
7	Excellent	May 22, 2011 10:07 AM
8	Let's work toward a shuttle service to Ski Bowl, Government Camp, Timberline and Mt Hood Meadows. Shuttles for visitors should also be considered. A Park and Ride should be developed.	May 17, 2011 3:17 PM
9	If the bus ran earlier, my husband would be willing to ride. He has to leave the area at 5:30 a.m. and comes back into the area around 6:30 p.m.	May 12, 2011 9:59 AM
10	Again, I think lots of teens could use this service. It should be promoted at the high school level and high school academic and sports schedules should be considered to maximize ridership.	May 11, 2011 8:36 AM
11	We have a distorted idea of what excess carbon footprint it. Easier access from where to where? Been on HWY 26 on Friday pm or Sunday pm? How is a bus going to impact that carbon footprint?	May 8, 2011 6:28 PM
12	Regular transportation to all 3 Ski Resorts. Make our resources available and accessible to vacationers and guest.	May 5, 2011 4:25 PM

Page 3, Q5. What amenities do you feel the Villages area is most in need of:

1	A public health club, including tennis, raquetball ect., A community service to assist our youth on GED's and furthering their education, not hanging out, outside the video store all day.	Jun 24, 2011 12:16 PM
2	Public Transportation	Jun 19, 2011 4:36 PM
3	A grocery provider who doesn't disadvantage local residents with tourist prices on food. A natural food coop could be interesting too. An automated police speed sign/sensor west of Welches and perhaps between rhody/zigzag to slow down crazy drivers.	Jun 18, 2011 1:20 PM
4	A pharmacy! I lived in a small tourist town in N. Michigan for 10 years where 70 percent of the population left in the winter and we were still able to provide local pharmacy services to the full time residents. There are senior citizen and young folk alike who need to be able to have easier access to medications and pharmacy goods without having to figure out a way to get into Sandy. More opportunities and events for young children. There is quite a large population of people under 18 so being able to provide them with fun opportunities will keep them out of trouble and provide them with a more exciting future. 17	More quality retail stores.	May 17, 2011 3:17 PM
18	mercantile shops	May 16, 2011 3:10 PM
19	Greenhouses and gardens, private and community, so that we can feed ourselves healthy food. Also more community meetings with real agendas. I certainly have a good collection of movies to share that will assist in awakening those who are willing to learn the truth.	May 15, 2011 1:34 PM
20	pharmacy	May 14, 2011 12:19 PM
21	Limitations on continuous building and urbanization of our mountain area, prevent further logging and desimation of our lands. The logging that occurred on Lolo pass between Michigan ave and Briarwood is deplorable and offensive and should not have been allowed. Something put into place for our teenagers and young adults.	May 11, 2011 12:51 PM
22	A pedestrian bridge over the Sandy River somewhere approximately halfway between Lolo Pass and Brightwood Bridge. Also, better sidewalks and bikeways along hwy 26. It would be nice to have a "town square" where people could gather rather than the Thriftway Plaza parking lot being the center of town.	May 11, 2011 11:07 AM
23	Community Center, Music/arts concert venue, public tennis courts	May 11, 2011 10:30 AM
24	A COMMUNITY CENTER WITH YOUTH PROGRAMS. There is just nothing to do up here...	May 11, 2011 8:36 AM

34	Better communication via cell service for the communities! In the event of emergency, we need the ability to communicate effectively. There should be a VISITOR center. We NEED slower traffic and better traffic control. The communities would all benefit from slowed traffic. You can hear and smell highway traffic/noise which impacts the wildlife and the serenity of the communities. Stricter speed enforcement needs to be considered and the traffic, especially the trucks with their air brakes need to be slowed down way before coming off the mountain at Rhody. Please consider these areas to be residential and enforce a slower speed limit.	May 8, 2011 6:40 PM
35	Interpretive center showing the history of the Mt. Hood corridor. It's a fascinating story and hardly anyone knows it. More places for picnics and overviews. This area could be a magnet for folks all over the world. As it is, the place hasn't changed in 40 years and is still as seedy as ever. Our last move toward development was a trailer park. Look what's been done in like areas in Colorado and Utah, for example. We need a new upgraded look and some nice businesses. As of now we've only created an environment for goofy looking people who don't bathe and look like hippies. Check out the Woodland store...	May 8, 2011 6:28 PM

1	Let's start using the field behind church on the mtn for softball and activities again. Let the Church know it would be a great gesture on their behalf, being that they only use it 2 x's a year. It would cut down on the transients going down to the water and camping, as well.	Jun 24, 2011 12:21 PM

1	A gardening class, Taekwondo class, GED class for the youth, dance classes, cooking classes ect.	Jun 24, 2011 12:29 PM
2	Yoga; space for community functions tennis court rebuilt	Jun 20, 2011 8:19 PM
3	Hosted speaking engagements by ecomnomists, local politicians, business pitches, programs for kids	Jun 19, 2011 4:39 PM
4	We are very in favor of the 'idea' of a community center in the long-term, but feel perhaps other more important basic needs/issues should be addressed. Honestly, we don't have a good feel for what effects a new center would have, and wonder if the way it will be used represents a good decision for community funds. More public info would help... Page 6, Q1. What do you think about our extreme reliance on oil based fuels for energy needs in the USA ? Check as many answers as you think apply.

1	We need more economical engine conversation choices.	Jun 19, 2011 4:43 PM
2	Build more nuclear power plants.	Jun 8, 2011 4:41 PM
3	Our only problem with our ability to be energy self-reliant is the current Federal Administration and it's mis-guided and indecisive and silly policies.	Jun 2, 2011 10:35 PM
4	We need to start using the oil that is found in our own country and not rely upon other countries when we can provide for ourselves	May 31, 2011 3:08 PM
5	this will improve our environment and create jobs	May 27, 2011 10:39 PM
6	We have an alternative to foreign oil that this survey ignored, it's call domestic oil.	May 27, 2011 2:05 PM
7	Things done in haste often have hidden concerns.	May 26, 2011 5:37 PM
8	There's enough oil located under the US to last for centuries - long enough to figure out alternatives. It's just that the globalists and corporatocrcy wants it for themselves. Hence, we're not allowed to drill here...	May 15, 2011 1:41 PM
9	Big government is finding ways to penalize people as soon as they switch over to other alternatives. Is it really that important to do so if you are just going to get your hands slapped?	May 12, 2011 10:04 AM
10	Obviously Grren energy is a partial answer to the dependence problem. We need to go with more Gas, clean coal, wind, solar or do all of these in combination with our own development of our oil reserves.	May 9, 2011 12:05 PM
11	We have a very short-sited view in this country of energy use. We have already seen a dramatic effect of global warming here at home with the shrinking of the glaciers on Mt. Hood and other environmental effects of fossil fuel emissions. It is very important that any new buildings constructed be energy efficient. Any opportunities to rely on alternative energy should be considered as well.	May 9, 2011 10:58 AM
12	create a survey that generates valid responses. spend a little money on survey design. leading questions and responses generate worthless results.	May 8, 2011 10:16 PM
13	We need to be more smart about using (wasting) engergy today. Do businesesses need all the fancy lighting (other than what is needed for security), doors open to draw in customers, thus wasting energy in heating.	May 8, 2011 7:25 PM
14	We've got plenty of oil and natural gas in this country if we have the foresight to develop the industry responsibly. We should move to reduce our reliance on foreign oil and increase our use of domestic resources. Alternate energies sources should be considered and adopted only when they clearly provide a economically responsible alternative. We could start by getting a president in place that has a comprehensive energy policy - or any workable policy for that matter.	May 8, 2011 6:38 PM

Page 6, Q1. What do you think about our extreme reliance on oil based fuels for energy needs in the USA ? Check as many answers as you think apply.

15	not nuclear energy	May 5, 2011 4:29 PM
16	This has no place in this survey. You are not a "city club" but rather an elected civic do-gooder organization who should support positive development on behalf of the local communities.	May 4, 2011 7:22 AM

Page 6, Q2. Packaging for the food and other things we buy costs about 9% of the prices we pay - this means that for every \$11 we spend - the packaging cost about \$1. But the cost of waste is not over - because after buying the packaging we then pay to have it hauled away with the garbage and buried somewher...

1	Businesses that use plastic and styrofoam for to go items should be made to go green, otherwise suffer an additional tax. This applies to our Country.	Jun 24, 2011 12:35 PM
2	They shouldn't produce it if it can't be recycled.	Jun 19, 2011 4:43 PM
3	Don't apply for a grant to solve this. Leave the county out of it. Count on citizens to think for themselves and act responsibly.	Jun 8, 2011 4:41 PM
4	recycling works in a robust and growing economy bit it works not al all in a weak and colapsing one. The greenies don't understand that there is no market for most of the recycled products. We have one of ;the best garbage collection firms I have ever seen. We should leave them alone.	Jun 2, 2011 10:35 PM
5	Local anti-littering campaign, local "clean up days" (4xyear?)	Jun 1, 2011 12:33 PM
6	if we don't buy it then they won't make money on it and will switch to do more things that are making them money.	May 31, 2011 3:08 PM
7	i am happy this is a question.....this is a big irritation of mine.....	May 27, 2011 10:39 PM
8	a bulk section in thriftway would help also	May 24, 2011 11:34 AM
9	Seldom do I buy food that comes in packages. Real food doesn't come in boxes and heavy plastic. As for all the other "stuff" - we mostly don't need it anyway!	May 15, 2011 1:41 PM
10	Get totally rid of plastic bags for a starter. If plastic manufactureres like Helix want to sell plastic then they should have recycling capabilities available in every community that they sell into.	May 9, 2011 12:05 PM
11	grocery stores should offer bulk products and should reduce or completely remove the use of plastic bags. Provide incentives for people who bring in their own bags	May 9, 2011 10:58 AM
12	We bring recyclables and garbage to our home for disposal. We don't dispose of anything in The Villages.	May 9, 2011 9:34 AM
13	Require Bliss to make recyling easier and to provide recycling containers and systems for both residential and commercial customers.	May 6, 2011 3:45 PM
14	Again, this questionnaire should not deal with these type of issues.	May 4, 2011 7:22 AM

Page 6, Q3. All things equal - would you be more willing to support businesses that had some kind of meaningful "Green" or sustainable certification than a business without certification ?

1	It depends, because I don't want to cut out our small and middle class business. We need to offer them Tax incentives.	Jun 24, 2011 12:35 PM
2	Thriftway is way too expensive, so if we had an "outlet" I'd shop there.	Jun 19, 2011 4:43 PM
3	A center for recycling drop-off would be nice.	May 17, 2011 3:24 PM
4	this label of "Green" is silly. I am all for reducing,reusing, recycling as much as possible. The important thing is to find a balance in all that is done.	May 12, 2011 10:04 AM
5	My choice of local businesses is based on service, variety and price - not whether they waste their time being "green."	May 4, 2011 7:22 AM

Page 6, Q4. Any other comments about sustainability in our community ?

1	More choices creates more healthy competition.	Jun 19, 2011 4:43 PM
2	Force business to recycle, at the very least force them to adhere to existing regulations on recycling	Jun 18, 2011 1:29 PM
3	It is a feel good concept. Resposible people don't need the gobbledegook. It's a bunch of hooley.	Jun 8, 2011 4:41 PM
4	I would be very proud to from a very green community and am happy that we have started !	Jun 3, 2011 7:42 AM
5	If we have all these in place statutory regulations, they should be forced on everyone and not just randomly enforced on a few.	Jun 2, 2011 10:35 PM
6	I can't afford to shop for groceries at the local store - is there a way that locals could have a discount so I don't have to spend my money in Gresham?	Jun 1, 2011 7:33 AM
7	Make recycling on the mountain easier. Require Bliss to take our recycles without all of the qualifications for it to be taken. They leave it more times than not.	May 27, 2011 2:05 PM
8	we should follow timberline's lead - we should seek to preserve more than others because it's our lifeblood	May 24, 2011 11:34 AM
9	I believe that our community is very receptive to environmental concerns.	May 17, 2011 3:24 PM
10	In order for sustainable programs to be successful it is important to share information with the community and visitors about the programs and how they affect them	May 9, 2011 10:58 AM

Page 6, Q4. Any other comments about sustainability in our community ?

11 These 4 survey questions seem completely out of context.
